DESCRIPTORS	Directories; *Library Cooperation; Library Programs; *Library Reference Services; Library Services

ABSTRACT

Cooperative library reference services are listed in this directory by state. The following information is provided for each program: name, date established, name of the administrator, list of participants, type of agreement, sources and amount of support, the services provided, publications, and where to direct inquiries. A copy of the questionnaire sent to libraries is appended. (SJ)

INTRODUCTION

This Directory of Cooperative Reference Service Programs has been compiled by the Cooperative Reference Services Committee of the Reference Services Division of the American Library Association as an initial attempt to answer the need to provide basic information and sources of additional information about such programs. The project received the approval not only of the Board of Directors of the Reference Services Division, but also the encouragement of several Executive Secretaries of other ALA divisions.

Most of the information was collected during the year 1970/71 by contacting the state librarians or equivalent officers of the various states. In some cases, the questionnaires were forwarded to administrators of programs other than those administered by the states. After collecting the data, the project was delayed because it appeared that the information might become available in other sources. However, this was not the case and a decision was made at the Midwinter, 1972, meeting to proceed with publication.

The list is arranged alphabetically by state and then by the name of the cooperative activity. In an effort to make the entries more consistent, some information has been rearranged or deleted. However, most of the information has been used as provided in the completed questionnaire. A copy of the form letter and questionnaire is attached as an appendix.

The Chairman wishes to thank Ruth White and Andrew Hansen, Executive Secretaries of the Reference Services Division and the following members of the Cooperative Reference Services Committee who have assisted with the compilation of the directory:

Mrs. Mildred A. Barrett
Mrs. Evelyn P. Benton
Mary Ann Duggan
Mrs. Sylvia G. Faibisoff
Phoebe F. Hayes
F. Joan Kirwin
Mary T. Janowski
Philip B. Gerrard
David McKay
Mrs. Adelle J. McMillan
Arthur H. Miller
Mrs. Rita L. Paddock

George M. Bailey has served as Chairman of the Committee and has assumed major responsibility for the directory. Any errors or additions should be sent to the Chairman, Cooperative Reference Services Committee, Reference Services Division, American Library Association, 50 E. Huron Street, Chicago, Illinois 60611.

The Committee members plan to begin the compilation of current information for the publication of a more complete directory during the next year.

STATE	:	Alaska
NAME	:	Library Network - Communication and Interloans
ESTABLISHED	:	Being established
ADMINISTRATOR	:	--
PARTICIPANTS	:	University of Alaska, Community Colleges, Alaska State Library, others not yet determined for Telex

REFERENCE SERVICES DIVISION
A DIVISION OF THE
AMERICAN LIBRARY ASSOCIATION
50 EAST HURON STREET · CHICAGO, ILLINOIS 60611 · (312) 944-6780

The Cooperative Reference Service Committee, Reference Services Division, ALA, is requesting your assistance in the preparation of its forthcoming directory of cooperative reference and information service programs. We hope to secure information about both formal and informal programs, and learn whether a program is in the planning stage, ongoing, or completed. The kinds of services in which we are interested include the following:

Reference service provided under contract or informal agreement
Bibliographic centers
Union catalogs and union lists
Interlibrary request service
Communication networks (TWX or private line teletype, special or direct telephone lines, facsimile transmission, and the like)
Coordinated development of research or information collections in special subject fields
Cooperative production of bibliographies from machine readable records
Other possible projects considered to be cooperative reference service but not necessarily included under any of the above categories

The Committee published a selective bibliography of cooperative programs in the United States and Canada in the Winter 1966 issue of RQ, the RSD quarterly, and is currently updating it.

For those cooperative programs in your state for which you do not have information, we would be grateful if you would forward a copy of this letter and questionnaire to the individual or send me his name and address.

This project has received the strong endorsement, not only of the RSD Board, but of several of the other executive secretaries, including those of ASL, PLA and LAD.

The Committee members hope that you will help us by completing the enclosed questionnaire and returning it to me in the enclosed, stamped, self-addressed envelope by December 31, 1970 or earlier if possible. Please use a separate copy of the questionnaire for each cooperative program.

A copy of the completed directory will be mailed to each state agency which provides information. Many thanks for your kind attention to this matter. Please do not hesitate to let me know if you have questions.

Sincerely,

George M. Bailey, Chief Librarian
York College of the City University
of New York
(Chairman, Cooperative Reference
Services Committee, RSD, ALA)
